Neighborhood Nonprofit Housing Corporation
195 West Golf Course Road Suite 1
Logan, UT 84321

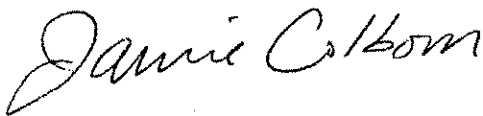

Dear Dave

My family and I just wanted to thank you for helping us get a home. Our hopes for a decent home would have never been possible without programs like this one. Thanks to the Home Choice Program we were able to find a house that we will be able to live and grow in for many years to come.

As you already know I am a single mother battling with an eight year old who has been diagnosed with bi-polar. We get to experience many things that most families never learn about. Our home life is very challenging. I have been advised not to let my two sons play without supervision in fear that my son who isn't bi-polar might get severely hurt. This task was impossible living in my mother's basement where my children had to share a room. For four years my youngest (Jaxon) has had to call my bed "our bed" and has no idea what it's like to have a place for his belongings. This is why I knew that I had to do something about our living situation (not to mention having two young children around my disabled mother was also hard).

Thanks to all the wonderful people involved with this program we will have the chance to overcome our home discomforts and continue to grow as a healthy happy family.

Thank You So Much For Everything
